

# PREGA SCIENCE

**International Conference on  
Precision Agriculture and Agro-Informatics**

February 19, 2019, Budapest

**PREGA SCIENCE 2019 conference will be organized for the third time in 2019. Scientists from Hungary and surrounding countries are invited to report on their achievements and scientific results concerning precision agriculture.**

**The aim of the conference is to inform the agricultural sector key players in the Central and Eastern European region about the novelties concerning PA.**

The organizers wish to build the bridge between science and practice, therefore parallel to the scientific conference, first day of PREGA 2019 - Hungarian Conference and Exhibition on Precision Agriculture - will be organized. Participants are welcome to visit both events.

In 2017, on the first PREGA SCIENCE conference 21 papers, in 2018 two keynote presentations and 20 papers were accepted and presented to the audience of 130 scientists.

**The language of the Conference will be English.**

**DATE 19.02.2019**

**VENUE Hotel Aquaworld Resort, Budapest**

### SCOPE AND TOPICS:

- **Precision Agriculture**
  - Site-Specific Nutrient, Lime and Seed Management
  - Precision Crop Protection
  - Satellite and UAS based Remote Sensing of Soil and Crop
  - Variable Rate Irrigation
  - Geostatistics, mapping and spatial data analysis
  - On Farm Experimentation with Site-Specific Technologies
  - Decision Support for Precision Agriculture
- **Precision Horticulture**
- **Precision Viticulture**
- **Economics of Precision Agriculture**

### *International speakers:*

**Terry Griffin**  
*Kansas State University,  
USA*  
Research area:  
Crop production economics  
of systems and the  
application of 'Big Data'  
in precision farming

**Ian Yule**  
*Director and Professor  
of Precision Agriculture,  
Massey Agritech Partnership  
Research Centre,  
New Zealand*  
Research area: Remote sensing,  
precision engineering conditions

### Registration process for speakers:

In order to register to the Conference please send an abstract (max 2000 characters) via e-mail to [science@prega.hu](mailto:science@prega.hu) until 30.11.2018
